

Tender No-TPSODL/OT/2022-23/115				
Package Name:-Rate Contract for Rate contract for GIS Survey and Mapping of Electrical Network & asset for Bhanjanagar, Rayagada and Jeypore Circle of TPSODL.				
Reply to Techno Commercial Pre Bid Queries				
Sr. No.	Detailed Reference to TPSODL Technical Document. Please specify Document No / Clause No / Page No	Description as per Bid Document	Remarks - Query / Clarification	TPSODL Response
1	2	3	4	5
1	7.3 Delivery Terms	7.3 Delivery Terms Rate contract will remain valid for a period of 1 year from date of award of work. • Bidder must start allocated divisions simultaneously from the date of the award of contract. • For Rayagada & Bhanjanagar Circle: - Each division must be complete within 120 days from the date of award of the Release Order. • For Jeypore Circle: - Each division must be complete within 150 days from the date of award of the Release Order.	As per the RFP it is a Rate contract for 1 year, we would request you to revise the project timeline accordingly.	<b>Tender clause prevails</b>
2	7.3 Delivery Terms	7.3 Delivery Terms Rate contract will remain valid for a period of 1 year from date of award of work. • Bidder must start allocated divisions simultaneously from the date of the award of contract. • For Rayagada & Bhanjanagar Circle: - Each division must be complete within 120 days from the date of award of the Release Order. • For Jeypore Circle: - Each division must be complete within 150 days from the date of award of the Release Order.	The timeline is very short we would request you to kindly revise the timeline to achieve the target with utmost quality as desired by TPSODL • For Rayagada & Bhanjanagar Circle: - Each division must be complete within 180 days from the date of award of the Release Order. • For Jeypore Circle: - Each division must be complete within 210 days from the date of award of the Release Order.	<b>Tender clause prevails</b>
3	5.7 Reverse Auctions	5.7 Reverse Auctions TPSODL reserves the right to conduct the reverse auction (instead of public opening of price bids) for the products/ services being asked for in the tender. The terms and conditions for such reverse auction events shall be as per the Acceptance Form attached as Annexure VI of this document. The bidders along with the tender document shall mandatorily submit a duly signed copy of the Acceptance Form attached as Annexure VI as a token of acceptance for the same.	How reverse auction will be done kindly confirm? Will it be done individual circle wise or the RA would be done after consolidating of prices of all Circle .	<b>Please refer the tender clause No 2.0 i.e. The bids will be evaluated commercially on overall all-inclusive lowest cost of each divisions respectively. RA Will be conducted accordingly.Any change will be intimated before RA event.</b>
4	1.7 Qualification Criteria	At least one project for Land base Survey and creation including GCP identification for not less than 2000 sq km area in India. Successfully completed Survey & data processing work for more than 2,000 ckt km of electrical network data and door-to-door survey of more than 3,00,000 consumers in Power Distribution Utility.	We would like to request you please modify this criteria with "At least one project for Land base Survey and creation including GCP identification for not less than 1000 sq km area in India. Successfully completed Survey & data processing work for more than 1,000 ckt km of electrical network data and door-to-door survey of more than 3,00,000 consumers in Power Distribution Utility."	<b>May Please refer the corrigendum in this regards.</b>
5		At least one project for Land base Survey and creation including GCP identification for not less than 2000 sq km area in India. Successfully completed Survey & data processing work for more than 2,000 ckt km of electrical network data and door-to-door survey of more than 3,00,000 consumers in Power Distribution Utility.	<b>OR</b> We would like to request you please modify this criteria with "At least Two projects for Land base Survey and creation including GCP identification, with cumulative quantity for not less than 2000 sq km area in India. Successfully completed Survey & data processing work with cumulative quantity for more than 2,000 ckt km of electrical network data and door-to-door survey of more than 3,00,000 consumers in Power Distribution Utility."	<b>May Please refer the corrigendum in this regards.</b>
6	2. Evaluation Criteria	The bids will be evaluated commercially on overall all-inclusive lowest cost of each divisions respectively.	Will the bidder be evaluated on total price of each division	<b>No Change</b>
7	Page NO. 17 to 21	<b>ANNEXURE I Schedule of Items</b>	We understand that any software development or App development is not part of the scope of work. Please confirm.	<b>Survey Application will be provided by TPSODL.</b>
8	Page NO. 29,	<b>6.1 Survey and mapping of Landbase</b>	Will TPSODL provide Satellite Imagery of 1m or better OR it is bidders responsibility? If it is bidders responsibility, we request you to include it as separate line item in Schedule of Items	<b>The bidder will not provide satellite imagery. However the bidder will deliver landbase by using licensed APIs.</b>

Sr. No.	Detailed Reference to TPSODL Technical Document. Please specify Document No / Clause No / Page No	Description as per Bid Document	Remarks - Query / Clarification	TPSODL Response
9	1.3 Calendar of Events (e) Pg. No (5)	Last date and time of receipt of Bids 10.02.2023 up to 15:00 Hours	Since this a very prestigious and important project for us which may take some time to prepare the compliance documents, competitive estimation, quality approach and methodology to response, therefore we request you to <b>kindly extend the date at-least by 10 days after the publishing of Pre-bid queries/ corrigendum.</b>	<b>May Please refer the corrigendum in this regards.</b>
10	1.7 Pre-qualification criteria Sr. No. (2) Pg. No (6)	The Bidder must have experience in successfully completing Utility Survey & data processing work using Artificial Intelligence/ Machine Language / PDA / Digital data collection devices/method in the last 7 years (as on 31st January 2023).	We request to consider: The Bidder must have experience of <b>executing Utility / GIS Survey, Mapping and data processing work</b> using Artificial Intelligence/ Machine Language / PDA / <b>Android Mobile App</b> / Digital data collection devices/method in the last 7 years (as on 31st January 2023).  We assume that PO/ WO will suffice the requirement to prove the work experience in the above sector. It could be from any Organization (Private Organization) can be consider under this category. Please Confirm and Request for consideration.	<b>May Please refer the corrigendum in this regards.</b>
11	1.7 Pre-qualification criteria Sr. No. (3) Pg. No (6)	The Bidder must have experience of having successfully completed at least 4 GIS Service – including Survey and Data work for Utility GIS project having similar scope during last 7 years ending as on 31st December 2022.	We request to amend/ change the criteria as below: <b>The Bidder must have experience of at least 4 GIS Service – including Survey, Mapping and Data work for any GIS based project during last 7 years ending as on 31st December 2022.</b>  We presume that PO/ WO will suffice the requirement to prove the work experience in the above sector. It could be from any Organization (Private Organization) can be consider under this category. Please Confirm and Request for consideration.	<b>May Please refer the corrigendum in this regards.</b>
12	1.7 Pre-qualification criteria Sr. No. (4) Pg. No (7)	At least one project for Land base Survey and creation including GCP identification for not less than 2000 sq km area in India. Successfully completed Survey & data processing work for more than 2,000 ckt km of electrical network data and door-to-door survey of more than 3,00,000 consumers in Power Distribution Utility.	We request to consider the following to pre-qualify for the participation in the tender: <b>At least one project experience</b> for Land base Survey and creation including GCP identification for not less than <b>1000 sq. km.</b> area in India Or <b>Experience</b> in Survey & data processing work for more than 2,000 ckt km of electrical network data and door-to-door survey of more than <b>2,00,000 consumers</b> in Power Distribution Utility.  We presume that PO/ WO will suffice the requirement to prove the work experience in the above sector. It could be from any Organization (Private Organization) can be consider under this category. Please Confirm and Request for consideration.	<b>May Please refer the corrigendum in this regards.</b>
13	2. Evaluation Criteria Pg. No (7)	<ul style="list-style-type: none"> <li>• <b>For Rayagada &amp; Bhanjanagar Circle:</b> TPSODL intends to award maximum 2 divisions to a single bidder for each circle.</li> <li>• <b>For Jeypore Circle:</b> <ul style="list-style-type: none"> <li>a. TPSODL intends to award maximum 2 divisions to a single bidder who will use AI/ML technology.</li> <li>b. TPSODL intends to award maximum 1 division to a single bidder who will not use AI/ML technology</li> </ul> </li> </ul>	We are well established company having sufficient skilled field as well as inhouse GIS manpower with sound financial background for upfront investment in the project. Hence, we request you to kindly consider at least 50% of the total work (at-least five (5)) Division for the technical and financial confident bidder.	<b>Tender clause prevails</b>
14	ANNEXURE I Schedule of Items Pg. No (17)	The division wise data is provided in table.	Request you to provide Section, PSS and Feeder wise data for better estimation and execution of the project.	<b>Division wise data has already been provided in the tender. The bidder will estimate on basis of division wise data.</b>

Sr. No.	Detailed Reference to TPSODL Technical Document. Please specify Document No / Clause No / Page No	Description as per Bid Document	Remarks - Query / Clarification	TPSODL Response
15	5. BID Evaluation Criteria, Project Experience, Point No 1, Pg. No (25)	Bidder has completed nos. of projects for GIS. Any successful project / pilot for any Utility. For each project 1 Mark maximum limited to 5 Marks	We request to change the clause as: Bidder having project <b>Experience for any GIS Survey, Mapping and Data processing work</b> . Any successful project / pilot for any <b>Utility/ GIS work</b> . For each project 1 Mark maximum limited to 5 Marks  We presume that PO/ WO will suffice the requirement to prove the work experience in the above sector. It could be from any Organization (Private Organization) can be consider under this category. Please Confirm and Request for consideration	<b>May Please refer the corrigendum in this regards.</b>
16	5. BID Evaluation Criteria, Survey & Digitization, Point No. 4 Pg. No (26)	Digitization of Land base using satellite image within last 5 years • Between 2000 to 3000 Sq.km= 3 Marks • Between 3000 to 5000 Sq.km= 4 Marks • More than 5000 Sq.km = 5 Marks	We request to change the clause as: Digitization of Land base using satellite image within last 5 years • <b>Between 1000 to 2000 Sq.km= 3 Marks</b> • <b>Between 2000 to 3000 Sq.km= 4 Marks</b> • <b>More than 3000 Sq.km = 5 Marks</b>  We presume that PO/ WO will suffice the requirement to prove the work experience in the above sector. It could be from any Organization (Private Organization) can be consider under this category. Please Confirm and Request for consideration.	<b>Tender clause prevails</b>
17	5. BID Evaluation Criteria, Survey & Digitization, Point No. 5 Pg. No (26)	Survey of Electrical assets: 1. Experience to do electrical survey using Drive / Drone technology and mobile application: 5 Marks 2. Experience to do manual survey using mobile Applications: 4 Marks 1) The bidder must provide video files captured through drive/drone along with Work completion certificate of project or pilot 2) For manual survey work completion certificate is required.	We presume that PO/ WO will suffice the requirement to prove the work experience in the above sector. It could be from any Organization (Private Organization) can be consider under this category. Please Confirm and Request for consideration.	<b>Tender clause prevails</b>
18	5. BID Evaluation Criteria, Survey & Digitization, Point No. 6 Pg. No (26)	Digitization of Electrical Assets: 1. Experience to do AI/ML/DL/Image Processing for automatic mapping of Electrical assets: 5 Marks 2. Experience to do digitization of electrical assets manually: 3 Marks 1) Demonstration of Image processing through AI/ML for experience to do AI/ML/DL/Image Processing for automatic mapping of Electrical assets along with work completion certificate of project or pilot. 2) Work completion certificate is required for Experience to do digitization of electrical assets manually.	We presume that PO/ WO will suffice the requirement to prove the work experience in the above sector. It could be from any Organization (Private Organization) can be consider under this category. Please Confirm and Request for consideration.	<b>Tender clause prevails</b>
19	5. BID Evaluation Criteria, Survey & Digitization, Point No. 7 Pg. No (26)	Have demonstrated successfully capabilities in integrating multiple sources of data (drone/drive/photos/survey data) in a consolidated pipeline for ease of network utility detection.	Please confirm the mode of demonstration physical or through online.	<b>Bidder can show demonstration any of physical &amp; online mode. Appointment must be taken before 2 days for physical demonstration</b>
20	5. BID Evaluation Criteria, Survey & Digitization, Point No. 8 Pg. No (26)	Has highly accurate location APIs /GPS for smart phones with offline capability. Has capability of developing OCR based mobile application which will work in online and offline, to apply OCR based technology to automatically interpret Meter and Consumer Bill attribute in backend and capable of developing entire technology ecosystem to do consumer indexing.	Please confirm the mode of demonstration physical or through online.	<b>Online demonstration will be preferred</b>
21	5. BID Evaluation Criteria, Survey & Digitization, Point No. 9	Demonstration of end-to-end data creation process:	Please confirm the mode of demonstration physical or through online.	<b>Online demonstration will be preferred</b>
22	5. BID Evaluation Criteria, Survey & Digitization, Point No. 10 Pg. No (26)	Demonstration of Quality checks process of previous projects:	Please confirm the mode of demonstration physical or through online.	<b>Online demonstration will be preferred</b>

Sr. No.	Detailed Reference to TPSODL Technical Document. Please specify Document No / Clause No / Page No	Description as per Bid Document	Remarks - Query / Clarification	TPSODL Response
23	Scope of work, 6.1 Survey and mapping of Landbase, Point No. 1 Pg. No (29)	Landbase shall be created using ortho rectified satellite image of resolution 1m or better. Vendor must arrange the satellite image and will be responsible for complying to all formalities required.	We presume that, open source best available data (of Sub meter accuracy with recent vintage without cloud coverage) to suffice the requirement of Land base with desired accuracy instead of procumbent of ortho rectified satellite image of resolution 1 m or better which is required time to obtain and also incurred more price.  Therefore, we request you to kindly consider freely available open source satellite data for the same. Request to confirm, as it is one of the vital items to be quoted in commercial.	<b>Bidder can use licensed API instead of procurement of Satellite image.</b>
24	Annexure II / Clause 2/Pg. No. 23	The objective of the project under this RFP is to do digitization and survey of Landbase, network and consumers from 33kV to the consumers meter point of the remaining area of TPSODL (Rayagada, Bhanjanagar and Jeypore). On successful mapping of network assets and consumers same data shall be migrated into GE Smallworld database.	Please specify if Consumer survey and indexing is included in the network mapping	<b>Yes, Consumer survey and indexing is part of network survey.</b>
25	Annexure II / Clause 2/Pg. No. 23	On successful mapping of network assets and consumers same data shall be migrated into GE Small world database (Version 5.2.8 or higher version)	Bidder shall utilize the database shared by the client for the Land base and utility survey and share the deliverables in ESRI Shapefile Format. Data migration activity from the ESRI Shapefile to GE Small world database would be responsibility of the client, TPSODL	<b>Migration is part of TPSODL scope. However, the bidder must deliver migration compliant data in ESRI shape file.</b>
26	Annexure II / Clause 3/Pg. No. 24	The successful bidder will use TPSODL mobile application for network assets, Landbase and consumer survey	TPSODL shall provide mobile application? Kindly confirm whose responsibility is the hardware for the mobile application survey.	<b>Survey Application will be provided by TPSODL.</b>
27	Annexure II / Clause 3/Pg. No. 24	One backend consumer survey analysis team must be deployed for rectifying the consumer survey data and monitor the missed-out consumers.	Please specify the minimum number of team and manpower required for the backend consumer survey?	<b>The back end team is required to rectify the surveyed data. The no of back end team depends on the quality of survey data of the bidder. The bidder will decide the optimum quantity accordingly.</b>
28	Annexure II / Clause 6.2/Pg. No. 30	Vendor must submit geo tagged photos using high resolution camera for below assets. Proper nomenclature to be followed to easily identify and co-relate each photo.	Do the bidder needs to generate the nomenclature for the assets? or Does TPSODL follows any standard nomenclature for naming the assets	<b>TPSODL will provide support regarding it.</b>
29	Annexure II / Clause 6.1/Pg. No. 30	Final surveyed data to be delivered /updated as per TPSODL data model and digitization specifications in compliance for data migration.	Whose responsibility is migration? Bidder or TPSODL. Kindly confirm	<b>Migration is part of TPSODL scope. However, the bidder must deliver migration compliant data in ESRI shape file.</b>
30	Annexure II / Clause 6.2/Pg. No. 31	Vendor must create PSS internal layout and data in ESRI '.shp, .gdb' format as per orientation in field and as per data model and specifications given by TPSODL and make it ready for migration to TPSODL's main GIS system. TPSODL will provide sample layout in shape file for one PSS.	Bidder shall deliver the deliverables in ESRI Shapefile Format. Data migration activity from the ESRI Shapefile to GE Small world database would be responsibility of the client, TPSODL	<b>Migration is part of TPSODL scope. However, the bidder must deliver migration compliant data in ESRI shape file.</b>
31	Annexure II / Clause 6.2/Pg. No. 31	Vendor must paint PSS and Asset inside PSS as per TPSODL' painting specifications and include that as deliverables of shape file	Need Clarity on the scope of work in Asset Painting. The bidder should paint only the asset code as per TPSODL' painting specification. Kindly Clarify.	<b>Yes, Painting document will be provided by TPSODL. Bidder will paint as per ther procedure mentioned in the panting document.</b>
32	Annexure II / Clause 6.3/Pg. No. 31	Both 33kV and 11kV network can be overhead (Conductor/Cable) or underground (Cable).	Need clarity on the quantity of network buried underneath the ground so that the bidder can ensure the price quoted for the GPR/other penetrative survey methods to capture the Underground utilites of the client, TPSODL.	<b>Below 0.5% of total line length will be under ground network available in mentioned project area.</b>
33	Annexure II / Clause 6.6/Pg. No. 35	Vendor must submit Photographs of meter, bill and associated metering devices if any captured using survey mobile application. Proper nomenclature to be followed to easily identify and correlate each photo.	Bills and customer information associated with the meter/service number in or around the meter box shall be shared by the client, TPSODL. Kindly confirm	<b>Bidder must collect all the information of Bill and Meter from the site.</b>
34	Annexure II / Clause 10/Pg. No. 37	Separate team must be deployed for asset painting with minimum no of 10 writers	TPSODL shall provide the nomenclature. Please confirm.	<b>Yes, Painting document will be provided by TPSODL.</b>

Sr. No.	Detailed Reference to TPSODL Technical Document. Please specify Document No / Clause No / Page No	Description as per Bid Document	Remarks - Query / Clarification	TPSODL Response
35	Annexure II / Clause 10/Pg. No. 38	Project monitoring and execution should be supportive Scrum Board	Need Clarification on whether TPSODL would provide Scrum Board for project monitoring and execution? or Should the bidder share their Scrum Board to TPSODL? or Would TPSODL require the bidder to provide a Scrum Board exclusive to this tender?	<b>Bidder will provide a Scrum Board exclusive to this tender for project monitoring only.</b>
36	Page No. 5	Earnest Money Deposit (EMD) EMD shall be exempted for MSME registered in the State of Odisha.	We request you to provide the documentation required to be submitted to claim EMD Exemption	<b>Odisha State MSME Certificate</b>
37	Qualification Criteria, S.No. 3, Page No 6,	The Bidder must have experience of having successfully completed at least 4 GIS Service – including Survey and Data work for Utility GIS project having similar scope during last 7 years ending as on 31st December 2022. The Bidder should have executed One (1) No. project of similar scope & minimum value of 2 Cr. OR Two (02) project of similar scope & minimum value of 1 Cr OR Three (03) orders of similar scope & minimum value of 65 Lacs.	We understand that, Utility GIS projects of any sector will be considered for this criteria.  We understand that utility sector means Electricity network, OFC Network, Telecom Network, Road Network. Please confirm	<b>May Please refer the corrigendum in this regards.</b>
38	Qualification Criteria, S. No 3 and 4		We request you to modify the Pre-qualifications criteria as below  The Bidder (independently or in combination with Company) must have experience of having successfully completed, implementation and maintaining of at least 4 GIS Service – including Survey and Data work for Power Utility GIS Project. 1) At least one project valued not less than INR. 3.0 Crores Or 2 projects for at least than INR 1.5 Crore each. OR 2) The Bidder must have experience in successfully completing Survey & data processing work of more than 8,000 km route length of electric/telecommunication/water Line data and door-to-door survey for any Indian Power Utility. The above task must be completed within 7 years (as on 31st March 2022).	<b>May Please refer the corrigendum in this regards.</b>
39	Page No. 16	Payment Terms	We request you to consider payment on completion of Tasks/Items like, Satellite imagery procurement, GCP collection, Basemap/Landbase Preparation, Consumer survey on monthly basis	<b>Tender clause prevails</b>
40		JV/ Consortium	In view of the vast and diversified nature of work which involves GIS based mapping, and Survey with stipulated time limits, joint ventures /consortiums can be an added advantage to executing the work efficiently. Hence request you to allow Joint ventures/consortiums for the same	<b>Tender clause prevails</b>
41	1.3 Calendar of Events (e)Pg. No (5)	Last date and time of receipt of Bids 10.02.2023 up to 15:00 Hours	Since this a very prestigious and important project for us which may take some time to make exact estimation, methodology to bring up more suitably competitive offer, therefore, it is to request you that we need more time for the process. We request you to kindly extend the date at-least by 10 days after the publishing of Pre-bid queries/ corrigendum.	<b>May Please refer the corrigendum in this regards.</b>

Sr. No.	Detailed Reference to TPSODL Technical Document. Please specify Document No / Clause No / Page No	Description as per Bid Document	Remarks - Query / Clarification	TPSODL Response
42	TPSODL/OT/22-23/115 - RFP Page No - 6 Clause - 1.7 Qualification Criteria	The Bidder must have experience of having successfully completed at least 4 GIS Service – including Survey and Data work for Utility GIS project having similar scope during last 7 years ending as on 31st December 2022. The Bidder should have executed One (1) No. project of similar scope & minimum value of 2 Cr. OR Two (02) project of similar scope & minimum value of 1 Cr OR Three (03) orders of similar scope & minimum value of 65 Lacs.	Can bidder form a consortium to meet some of the Pre-qualification criteria? Kindly confirm	May Please refer the corrigendum in this regards.
43	TPSODL/OT/22-23/115 - RFP Page No - 13 Clause - 6 Order of Preference/Contradiction	In case of contradiction in any part of various documents in tender, following shall prevail in order of preference: 1. Schedule of Items (Annexure I) 2. Post Award Contract Administration (Clause 7.0) 3. Submission of Bid Documents (Clause 3.0) 4. Scope of Work and SLA (Annexure II) 5. Acceptance Form for Participation in Reverse Auction (Annexure VI) 6. General Conditions of Contract (Annexure VII)	In case if we enter into an SoW/Contract at the beginning of the project then all the order of Precedence should be 1. SoW/Contract 2. Schedule of Items (Annexure I) 3. Post Award Contract Administration (Clause 7.0) 4. Submission of Bid Documents (Clause 3.0) 5. Scope of Work and SLA (Annexure II) 6. Acceptance Form for Participation in Reverse Auction (Annexure VI) 7. General Conditions of Contract (Annexure VII)	No Change
44	GCC Page 22 clause 18.0 Indemnity	The Associate shall at all times indemnify, keep indemnified and hold harmless the TPSODL and its officers, directors, employees, affiliates, agents, successors and assigns against all actions, claims, demands, costs, charges and expenses arising from or incurred by reason of any infringement of patent, trade mark, registered design, copy rights and/or industrial property rights by manufacture, sale or use of the equipment supplied by the Associate whether or not the TPSODL is held liable for by any court judgement. In this connection, the TPSODL shall pass on all claims made against him to the Associate for settlement	Bidder cannot agree to full indemnification for any claims. In the event TPSODL suffers loss due to bidder's acts or omissions TPSODL has rights at law to pursue bidder for damages and court awarded legal costs.  Bidder is willing to offer indemnification against third party IP claims only.  Kindly confirm	No Change
45	GCC Page 10 Clause 5.1 Changes in Tax Structure	For execution of contracts beyond contract execution time, where the delay is not attributable to TPSODL no upward revision in tax /duties shall be considered irrespective of changes in the statutory tax structure either within the contract execution time or beyond. However, in such cases, benefits due to any downward revisions in statutory tax rates shall be passed on to TPSODL.	Bidder cannot agree to be liable for changes in tax laws, even in the event of unforeseen delays.	No Change
46	GCC Page 11 Clause 6.6 No Demand Certificate	No Demand certificate	Bidder cannot agree to waive its legal rights upon final payment.	No Change
47	GCC Page 11 Clause 12.2 Guarantee Period	The Guarantee Period will be equipment/service/work specific and shall be as specified in the Standard Specifications of TPSODL for the equipment/material/service/work and where standard specifications are not part of contract documents or guarantee period is not specified in the standard specifications., the guarantee period shall be as per the Special Terms and Conditions of the Contract. In case of no mention of the guarantee period in standard specifications or SCC Guarantee Period will be 12 Months from the Date of Commissioning or 24 months from the date of delivery of final lot of supplies made, whichever is earlier.	This clause states that the guarantee period will be extended by 12 months in the event of re-delivery. Per the RFP submission bidder is only willing to provide a guarantee for 12 months from delivery and no extensions can be provided.  HERE also requires clarification that TPSODL can only engage a third party to step-in and perform the services (at bidder's cost) where bidder cannot rectify defects and after the 12-month guarantee period has expired.	No Change

Sr. No.	Detailed Reference to TPSODL Technical Document. Please specify Document No / Clause No / Page No	Description as per Bid Document	Remarks - Query / Clarification	TPSODL Response
48	GCC Page 22 Clause 17 Non-infringement undertaking		Due to the nature of bidder's products and services (e.g. mapping) bidder cannot undertake that the services/deliverables will not infringe 3rd party IP. That said, bidder is willing to offer up full indemnification against 3rd party IP claims. So, there is no financial risk to TPSODL in accepting this request.	<b>Tender clause prevails</b>
49	GCC Page 24 Clause 21 Suspension of Contract	TPSODL may, at any time and at its sole option, suspend execution of all or any portions of the schedule of items of contract to be supplied/work to be executed by Associate under the contract by providing to the Associate at least two business days written notice for contracts having contract completion period less than sixty days and at least seven business day notice for all other contracts.	Bidder requires wording to clarify that in the event of suspension of the contract TPSODL will still be liable to pay all fees for services/deliverables properly performed up to the date of suspension.	<b>Please Refer the GCC Page No-25, Clause No 21.3 Compensation in lieu of Suspension</b>
50	GCC Page 24 Clause 21.2 Suspension for Breach of Contract conditions	TPSODL shall suspend execution of whole/or part thereof the contract till such time Associate complies with the conditions stipulated under section clause 22 for breach/default of contract conditions.	Bidder requires wording to clarify that in the event of termination of contract (for breach or convenience) TPSODL will still be liable to pay all fees for services/deliverables properly performed up to the date of suspension.	<b>Please Refer the GCC Page No-25, Clause No 21.3 Compensation in lieu of Suspension</b>
51	GCC Page 25 Clause 21.3 Waiver of rights	In case the contract is terminated for any breach of the nature specified in clause 24 g stated above, TPSODL shall have the right to terminate all the contracts TPSODL is having with the Associate by issuing termination notice which shall be without prejudice to the other rights of TPSODL available to it under law. Without prejudice to its right to terminate for breach of contract, TPSODL may, without assigning any reason, terminate the Contract in whole or in part at any time at its discretion while the contract is in force by serving a written notice of two weeks to the Associate.	This clause states that if TPSODL exercises its right of termination then bidder must not dispute the termination. Bidder cannot accept this the validity of a termination event may be the subject of a dispute and would be dealt with in accordance with the dispute resolution clauses in the contract.	<b>No Change</b>
52	GCC Page 25 Clause 21.3 Suspension for Breach of Contract conditions	Associate shall ensure that no further steps are being taken towards discharge of the obligations, terms and conditions as contained in the contract/PO. This shall include initiation of actions not limited to discontinuation of other allied and associated arrangements which the associate might have entered into with third parties for due discharge of its obligations under the contract with TPSODL.	This clause also states that in the event of termination TPSODL may itself or engage third parties to finish the works and bidder needs to cover these costs. Bidder cannot accept this as a court would normally decide the reasonableness of such costs, and TPSODL would be under obligations to mitigate any losses.	<b>No Change</b>
53	GCC Page 28 Clause 25.1 Cancellation	The Company reserves the right to cancel, add, delete at its sole discretion, all or any terms of this GCC or any contract, order or terms agreed between the parties in pursuance without assigning any reasons and without any compensation to the Associates.	This clause states that TPSODL may cancel, add or delete any terms of any contract at its sole discretion. Bidder cannot agree to allow TPSODL to amend the contract as any amendments need to be mutually agreed via change orders as they may have commercial implications.	<b>No Change</b>
54	GCC Page 29 Clause 27 Errors and Omissions	The Associate shall be responsible for all discrepancies, errors and omissions in the drawings, documents or other information submitted by him, irrespective of whether these have been approved, reviewed or otherwise accepted by the TPSODL or not.	Bidder cannot remain liable for services/deliverables after they have been accepted by TPSODL. Bidder is already agreeing to the 12-month warranty period which requires Bidder to rectify defects	<b>No Change</b>
55	GCC Page 30 Clause 28 Transfer of Titles	The title of ownership and property to all equipment, installations, erections, constructions materials, drawings & documents shall pass to the TPSODL is after commissioning and complete handing over-taking over.
